saturday afternoon 1.30 pm

Saturday 1:30 p.m. You sweep the last bread crumbs off the table. The coffee machine blows out one more hot breath. The cozy weekend brunch is already over. You are left in silence. Time for well-deserved me-time in Le Sac, our classic armchair that lets everyone unwind. Le Sac doesn't bear his name for nothing. Feel free to compare him to a vintage handbag. Just by looking at his timeless look,

you will feel extremely happy. Although that first look is only the beginning of something beautiful. The comfort of this armchair is unique, making you put one Spotify list after another on shuffle. His back rests your head and neck, so you can listen to that popular podcast with full attention. Do you accompany Le Sac with his optional footrest? Then he makes your whole body feel like a feather. He is

the perfect partner in your first session of mindfulness. However you want to unwind that Saturday afternoon, Le Sac always provides you a warm hug. His design wraps around your body, his optional armrests support you with any exciting book, and his adjustable back and footrest make you completely zen. Le Sac effortlessly shares the power of music. He recharges you when you need it.

Everywhere in your home, Le Sac finds his place. His leather version becomes the eye-catcher of your living room and his soft fabric version beckons for your attention in the reading corner.

our techniques, your comfort

Just as Le Sac finds his place in your home, this armchair also feels like home to your body. Together with his footrest, Le Sac rotates 360° around his axis. An integrated lever ensures that his back silently moves into your desired position. His neckrest does exactly the same when you fold it. Le Sac guarantees your body to relax for hours.

① Turn the relax and ottoman 360° by hand.

② Sit back and relax, position your back support for a relaxing or dynamic seating experience.

③ Position your neck support for a relaxing or dynamic seating experience.

Just plopping down in Le Sac always leaves you wanting more. So if you have to rush to that padel match with friends later that afternoon? No worries. "Music is my alibi," they sing. But in this case, your alibi is Le Sac. And that excuse is understood by anyone who brings this armchair into his home.

ultimately refined craftsmanship

For Le Sac, music is his alibi. For Indera, it is our ultimately refined craftsmanship. Your well-being has been our driving force since the beginning. That's why a team of designers, engineers and craftsmen spent about two years delving into the core of your comfort. The result? Le Sac, an armchair that houses the

ultimate combination of high-quality materials and modern techniques.

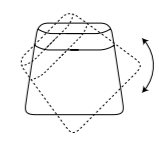

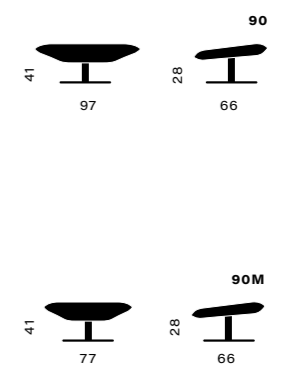

Thanks to that critical refinement and extensive expertise, Le Sac guarantees you optimal comfort to relax daily, and for many more decades to come. Your seating experience is our art.

true belgian craftsmanship based on generations of furniture tradition

We believe in local craftsmanship. Real personal relationships with nearby manufacturers and partners drive our team, every day. We love to look our partners and co-workers straight in the eye while developing, designing, creating and manufacturing future proof living solutions. We love to make life changing decisions that are agreed upon with a warm handshake. It is the only way we can

truly take control of our high end quality. Right here at home we smell the sent of natural fabrics, leathers, woods and stone, we feel the artisan vibes. No matter how far our Le Sac travels to its new home, we will always cherish our local craftsmanship. This is how we do things. This is our tradition.
